### Letter of Appreciation

We wish to thank  
**LWC Construction Pte Ltd**  
for its good performance in  
our recently completed project,  
**The New Supreme Court Building, Singapore**  
designed by Foster and Partners

During the project, LWC worked closely with us  
to supply the Precast Concrete Roof Slabs  
with colour and texture  
especially formulated for this project.

We are particularly impressed with  
LWC's attention to QA/QC and its ability  
to meet the most stringent standard  
required of this prestigious project.

A handwritten signature in blue ink, appearing to read 'Hitoshi Tanaka'.
